Temporary Service (current from April 1, 2018 to March 31, 2024)

Service of a temporary nature such as required for building and construction purposes, etc., will be rendered under the metered rates. The cost of installation and removal of any facilities required to render such temporary service are to be borne by the applicant for service. Upon approval of an application for the supply of water service to any property not previously supplied, the following service connection fees will be charged by the Authority.

Temporary Service

3/4" service	\$2,700.00
1" service	\$2,800.00
1" doubled 3/4"	\$3,500.00
2"	\$5,000.00
4"	\$10,000.00
6"	\$15,000.00
8" and larger	\$20,000.00

Temporary Service fees as of 4/1/24

Temporary Service

3/4" service	\$3,200.00
1" service	\$3,300.00
1" doubled 3/4"	\$4,200.00

Temporary Service

2"	\$5,900.00
4"	\$11,800.00
6"	\$17,700.00
8" and larger	\$23,600.00

Fire Service

Public Fire Protection, Rates effective from 4/1/18 to 3/31/24

If a fire hydrant installation is required by a political subdivision the applicant will make a deposit of \$1200.00 representing approximately 50% of the cost of such installation. Requests for fire hydrant installation will be accepted only on existing water mains of sizes six inch and larger provided, however, the hydrant branch shall not exceed 20 feet in length. If installation is requested on a pipe line larger than 12 inch in size, then the political subdivision will pay 50% of the actual cost of the installation, deposit to be made in advance based on the estimated cost.

Public Fire Service

Each Public Fire Hydrant, \$50.00 per annum

Private Fire Protection

Applications will be accepted for private fire service provided water mains of adequate size as determined by the Authority, exist at the location. The installation will be made at the expense of the customer.

Private Fire Service

- Each fire hydrant, \$474.43 per annum
- Each 4" connection or smaller, \$762.08 per annum
- Each 6" connection, \$2,664.04 per annum
- Each 8" connection, \$4,563.86 per annum
- Each 10" connection, \$7,607.86 per annum
- Each 12" connection, \$11,411.80 per annum

* No charge shall be made for water used in the extinguishing of accidental fires and water for other purposes shall not be drawn from a private fire connection

Fire Service

Public Fire Protection, Rates effective from 4/1/24

If a fire hydrant installation is required by a political subdivision the applicant will make a deposit of \$2,500.00 representing approximately 50% of the cost of such installation. Requests for fire hydrant installation will be accepted only on existing water mains of sizes six inch and larger provided, however, the hydrant branch shall not exceed 20 feet in length. If installation is requested on a pipe line larger than 12 inch in size, then the political subdivision will pay 50% of the actual cost of the installation, deposit to be made in advance based on the estimated cost.

Public Fire Service

Each Public Fire Hydrant, \$55.00 per annum

Private Fire Protection

Applications will be accepted for private fire service provided water mains of adequate size as determined by the Authority, exist at the location. The installation will be made at the expense of the customer.

Private Fire Service

- Each fire hydrant, \$518.17 per annum
- Each 4" connection or smaller, \$832.34 per annum
- Each 6" connection, \$2,909.66 per annum
- Each 8" connection, \$4,984.65 per annum
- Each 10" connection, \$8,309.30 per annum
- Each 12" connection, \$12,463.97 per annum

* No charge shall be made for water used in the extinguishing of accidental fires and water for other purposes shall not be drawn from a private fire connection
